

About Us:

An institute under Shanti Education Society is started with revolutionary ideas and ample innovativeness to provide a world class education in the field of Engineering and Technology at Solapur region in the year 2008. Institute is approved by AICTE, New Delhi, Government of Maharashtra and affiliated to Dr. Babasaheb Ambedkar Technological University, Lonere. The Campus is sprawling over 15 acres located opposite SRP Camp and is within the city limits of solapur with beautiful landscapes, state of art infrastructure well equipped Laboratories, seminar Halls, Library, Computer Center, Hostel, Indoor/ outdoor Sports, facilities & all basic amenities. Institute is providing peaceful ambience to students as well as faculty for better teaching & learning in engineering perspective.

Training and Placement Cell working hard to build students career, placement cell mainly focus on students development programs such as skilling up students in technical, analytical and aptitude arena.

Many of our budding engineers are working, so hard and are contributing in growth of industry. Value added courses, aptitude training and company specific training will encourage our students to become expert in basics as well as specialized arena.

AGPIT students are good at technical skills and they are more competent in soft skills too. Our college has provided excellent environment to our students for developing their personality.

We are assertive that our young students are asset to your organization through their technical and professional capabilities would meet talent for innovation.
