ABOUT THE INSTITUTE

Institute established in 2008 under Shanti Education society with revolutionary ideas and ample innovativeness in Technology in Solapur region. Institute is approved by AICTE New Delhi & DTE, Mumbai, affiliated to DBATU, Lonere. Institute offers UG programs in Computer, Civil, EITC and Mechanical Engineering.

The Campus is sprawling over 15 acres located on the outskirts of Solapur with beautiful landscapes, state of art Auditorium, Seminar Halls, Library Computer Centre with internet connectivity, hostel, indoor outdoor Sports facilities, Highly Qualified & Experienced staff, Spacious ventilated & Modern classrooms with latest Teaching aids, Well equipped laboratories with latest equipments and advanced machineries in workshop with CNC Machines, Wi-Fi connectivity, Training for students, surveillance, Industry institute interaction with Campus placement by reputed companies. The Institute has a strong Industry-Institute connect which gives prominence to bridge the gap between industry and the Institute. To establish strong industry-connect, the institute has signed MoUs with industries for training the students on advanced technologies for final year projects.

INSTITUTE VISION

International Standing in Technical Education and Research, contributing towards Improvement and Empowerment of Society, Country and in turn, Mankind

INSTITUTE MISSION

- To develop technically sound and globally accepted professionals.
- To enhance capability of updating with cutting edge technologies and innovative research ideas.
- To make aware of social commitments and highest ethical values as inner strength for upliftment of mankind.
- To needcraft career oriented courses and interactive teaching-learning process.

ABOUT FDP

This faculty development program aims to achieve the following Objectives

- To equip faculty with strategies to foster innovation through comprehensive research and development.

Dear Sir/ Madam,

Good Evening

We would like to extend my gratitude for your correspondence. We deeply appreciate your proactive efforts in orchestrating a highly valuable One week FDP program on "Empowering Innovation Comprehensive Approaches to Research and Development" from 12th August to 16th August 2024. It is with pleasure that we grant our approval for this program contingent upon the following conditions:

In the brochure or pamphlet, we kindly request the inclusion of the following names under the category of

Patrons or Advisors:

Prof. Er. Mohan Deshpande, Chairman IEI (I) SLC (2023-25)

Er. Dr. Umesh Mugale, Honorary Secretary IEI (I) SLC (2023-25)

We kindly request that the certificates issued during the Event bear the signatures of either the Chairman or Honorary Secretary (2023-25) of IEI (I) SLC.

It is imperative that all the aforementioned members be extended personal invitations to the program.

Our approval will remain valid only if one of the aforementioned members or a representative appointed by us is in attendance.

We kindly request the usage of the institution's name in English font and the inclusion of its logo on all banners and certificates.

We also request that a comprehensive report of the event along with photographs and news coverage, be submitted to us in a standardized format within a week following the event.

If there is any provision for grant support for such events from the headquarters, we will facilitate the forwarding of the necessary documentation.

Should you require any further assistance from our center, please do not hesitate to inform us. We extend our best wishes for the resounding success of the program.

Thank you and best regards,

Do let me know if I can be of any further assistance to you in this respect.

Your's faithfully,

Er. Dr. Umesh S. Mugale

Hon. Secretary (2023-25)

IEI
(Institution of Engineers, India) Solapur.

9.1. Inaugural Function Time: 10:30am to 11:00am

Chief Guests:

1. Dr. M.S. Deshpande (Chairman, IEI, SLC Solapur)

2. Dr. S. P. Kallurkar (Advisor Research Institute, Shivpuri, Akkalkot)

The inauguration ceremony commenced with warm welcome extended to all participants, esteemed guests, faculty members and experts from various fields. It was an honor to have individuals dedicated to advancing education present at the event.

The program host Prof. P. B. Sable initiated

proceedings by introducing the main objectives of the Faculty Development Program. The focus was on Empowering Innovation through Comprehensive Approaches To Research And Development.

The convenor and Head of Computer Engineering Dept. Prof. R.V. Darekar, the distinguished chief guest Dr. M.S. Deshpande and Principal of A.G. Patil Institute of Technology, Solapur Dr. V.V. Potdar emphasized the significance of the FDP in fostering a culture of continuous upgradation of faculties. They highlighted the importance of Empowering Innovation through Comprehensive Approaches to Research and Development.

Dr. M.S. Deshpande (chairperson IEI SLC) has given the information about research and development.

He shared his experience with participants & importance of R&D in for the future.

Session no. 1

Day – 12/08/2024

Topic – Trends in academic and industry partnerships

Time –10:45 AM to 12PM

Speaker – Dr. S.P. kallurkar (Advisor Research Institute for studies in Vedic Science Shivpuri, akkalkot)

The session was commenced with the introduction speaker Dr. S.P. Kallurkar began the session with an overview of Silicon Valley, highlighting its significance as a global innovation hub. He emphasized the importance of industry-institute interaction, noting that collaborations between academia and industry drive innovation and development.

Key points covered include:

1. **Industry-Institute Interaction:** Dr.Kallurkar discussed the mutual benefits of collaborations, such as knowledge exchange, funding opportunities, and talent development.
2. **Comparative Strengths:** He compared the strengths of academic institutions, like research capabilities and long-term vision, with those of industries, such as practical application and commercialization.
3. **University vs. Industry R&D:** The differences in research focus between academia (fundamental research) and industry (applied innovation) were explored, along with the importance of bridging this gap.
4. **Innovation in Industrial Clusters:** The session covered factors driving innovation in industrial clusters, including talent proximity, access to funding, and collaborative networks.
5. **CSIC Organizational Structure:**Dr.Kallurkar described the organizational structure of CSIC, using flow charts and block diagrams to illustrate how it supports interdisciplinary research.

Case Studies and Best Practices:

- Include relevant case studies of successful partnerships that have led to groundbreaking innovations or societal impact.
- Highlight best practices for fostering effective collaboration, including governance models, contractual agreements, and project management strategies.

Session no. 2

Day – 12/08/2024

Topic – Sustainable Development Through R&D

Time – 01:30am to 03:00pm

Speaker – Dr. S.P. kallurkar (Advisor Research Institute for studies in Vedic Science Shivpuri, akkalkot)

The session began with an introduction to the speaker, Dr. S.P. Kallurkar, who outlined the agenda, focusing on the topics of "Humans Today" and "Agnihotra."

1. Humans

Today:

Dr.Kallurkar discussed the concept of a harmonious state for humans in the modern world, emphasizing the need for balance in our lives.

2. Agnihotra:

He explained the significance of Agnihotra, an ancient Vedic practice, in promoting a balanced lifestyle. Dr.Kallurkar highlighted its relevance in today's fast-paced life, particularly its benefits for environmental sustainability and overall well-being. He shared his experience of practicing Agnihotra at Shivpuri, Akkalkot, and discussed the work being done to promote this practice.

3. Environmental, Social, and Economic Sustainability:

The session touched on how Agnihotra contributes to environmental sustainability and its potential to positively impact social and economic aspects of life.

4. Initiatives in Agnihotra:

Dr.Kallurkar mentioned ongoing initiatives to promote Agnihotra globally, noting that since 1944, over 40 Mahamaya's (large-scale Agnihotra events) have been completed. He also discussed efforts to integrate Agnihotra-based teachings into school curricula and its scientific study within Vedic Science.

5. Creating a Model Lifestyle:

The session concluded with Dr.Kallurkar's suggestions for creating a lifestyle model based on the science of Agnihotra, encouraging participants to adopt this practice for a balanced and harmonious life.

9.2. Session no. 3

Day – 13/08/2024

Topic – Intellectual Property Rights and Patents.

Time – 10:45am to 12pm

Speaker – Mr. Pradeep Dhage(Asst. Innovation Director MIC, Gov of India, New Delhi)

In this insightful session, Mr. Pradeep Dhage delved into the intricate world of Intellectual Property Rights (IPR) and patents. He began by explaining the foundational aspects of patents, including the legal framework governing them, as laid out in the Patents Act of 1970. He discussed the importance of understanding the criteria for patentability, such as novelty, inventive step, and industrial applicability, which are crucial for innovators looking to protect their inventions.

Mr. Dhage then provided a comprehensive overview of the Joint Patent Offices (JPP) and the hierarchy within the Intellectual Property Rights (IPR) ecosystem in India. He emphasized the strategic locations of the main patent offices in Mumbai, Chennai, Delhi, and Kolkata, and explained how these offices play a vital role in processing and granting patents, as well as supporting innovation across the country.

A significant part of the session was dedicated to the KAPILA (Kalam Program for IP Literacy and Awareness) initiative, a program under the Ministry of Education designed to increase intellectual property literacy among students, educators, and the general public. Mr. Dhage encouraged participants to engage with this initiative, highlighting its role in fostering a culture of innovation and protecting intellectual property in India.

In addition to patents, Mr. Dhage also covered other forms of intellectual property rights, such as trademarks, which protect brand identity; designs, which safeguard the aesthetic aspects of products; copyrights, which protect creative works; and geographical indications, which recognize products originating from specific regions. He discussed the importance of understanding the validity and enforcement of these rights to ensure that creators and businesses can effectively protect their intellectual assets.

The session concluded with Mr. Dhage stressing the importance of staying informed about the latest developments in IPR and actively participating in initiatives like KAPILA to harness the full potential of intellectual property for individual and national growth.

Session no. 4

Day – 13/08/2024

Topic – Emerging Technologies in R&D

Time 01:30am to 03:00pm

Speaker – Dr. Bhushan Sukumar Yelur (Asst. Prof Dept of IT at COE Karad)

Dr. Bhushan Sukumar Yelur conducted an engaging session on the topic of emerging technologies in research and development (R&D). He began by discussing the importance of technologies that are either in development, have practical applications, or both. He emphasized that these technologies, while sometimes based on older concepts, are often being applied in new and innovative ways.

Key Technologies Discussed:

1. Educational Technology:

The session covered advancements in educational tools and platforms that are reshaping the way knowledge is delivered and consumed.

2. Information Technology:

Dr. Yelur highlighted the role of IT in transforming industries, with a focus on the latest trends in software development and data management.

3. Nanotechnology:

He discussed how nanotechnology is being used to create materials and devices with novel properties, impacting fields such as medicine, electronics, and materials science.

4. Biotechnology:

The application of biotechnology in areas like genetics, agriculture, and pharmaceuticals was explored, with an emphasis on its potential to shape the future of humanity.

5. Robotics and Artificial Intelligence:

Dr. Yelur provided insights into the rapid developments in robotics and AI, discussing their applications across various sectors and their role in automating processes and enhancing decision-making.

He also covered several additional topics, including:

- **History of Emerging Technologies:**

Dr. Yelur provided examples of how various emerging technologies have developed over time and their impact on society.

- **Role of Science:**

The session explored how scientific advancements fuel the development of these technologies and their applications.

- **Ethics and Emerging Technology:**

The ethical considerations surrounding the use of emerging technologies, particularly in areas like biotechnology and AI, were also discussed.

- **Biotechnology and Human Future:**

He delved into how biotechnology might shape the future of human health, agriculture, and the environment.

- **Big Data Analytics:**

Dr. Yelur concluded by discussing the importance of big data analytics in processing vast amounts of information, which is critical in making informed decisions across various fields.

9.3. Session no. 5

Day – 14/08/2024

Topic – Innovation management & Entrepreneurship

Time – 10:45am to 12pm

Speaker: Mr. Pradeep Dhage (CAICTE, Ministry of Education, Government of India, New Delhi)

Mr. Pradeep Dhage conducted a comprehensive session on innovation management and its connection to entrepreneurship. He started by defining innovation management as the process of overseeing and guiding an organization's innovation strategies, from idea generation to execution and commercialization. This process is crucial for fostering creativity, enhancing operational efficiency, and achieving strategic goals within any organization.

He explained the relationship between innovation management and entrepreneurship, emphasizing that entrepreneurs often drive innovation by transforming new ideas into viable business opportunities. This relationship is vital for creating value, driving economic growth, and ensuring sustainability in a competitive market.

The session covered various types of innovation, including product, process, and business model innovations, providing real-world examples of how each type can lead to business success and market differentiation. Mr. Dhage highlighted that innovation management involves a blend of creative thinking, strategic planning, resource allocation, and risk management, all essential elements for nurturing and implementing innovative ideas.

Mr. Dhage underscored the importance of both innovation management and entrepreneurship in ensuring continuous growth and adaptability, especially in today's rapidly evolving business environment. He pointed out that for entrepreneurs, understanding these concepts is key to scaling their ventures and maintaining a competitive edge.

To further illustrate these concepts, Mr. Dhage suggested the use of a diagram or model that outlines the stages of innovation management, including idea generation, concept development, prototyping, commercialization, and scaling. Visual representations can help in understanding how these stages interact and support the entrepreneurial journey.

The session concluded with an emphasis on integrating innovation management into entrepreneurship practices to foster sustainable business development and long-term success.

Session no. 6

Day – 14/08/2024

Topic – Collaborative research and models

Time- 01:30am to 03:00pm

Speaker:Dr. Rajani Sajjan (Asst. Prof., MIT, ADT University, Loni Pune)

Dr. Rajani Sajjan delivered a session on the topic of "Collaborative Research and Models," focusing on the significance of collaboration in the field of research and its various forms. She began by defining collaborative research as a coordinated effort among multiple parties—such as researchers, academic institutions, industries, and government bodies—working together to achieve shared research objectives. Collaboration enhances the quality of research by pooling resources, expertise, and ideas from diverse disciplines and sectors.

The session covered several types of collaborative research:

- **Interdisciplinary Collaboration:** Involves researchers from different fields working together to address complex problems that require a multidisciplinary approach.
- **Cross-Institutional Collaboration:** Partnerships between different academic institutions or research centres to leverage each other's strengths and facilities.
- **Industry-Academia Collaboration:** Joint efforts between academic researchers and industry professionals to translate research findings into practical applications.
- **International Collaboration:** Engaging with researchers from different countries to bring global perspectives and expand the scope of research.

Dr. Sajjan then introduced various models of collaboration used in research, such as the **Hub and Spoke Model, Consortium Model, and Network Model**. Each model has its unique structure and approach to collaboration:

- **Hub and Spoke Model:** A central hub (e.g., a lead university or research centre) coordinates the activities of various spoke entities (e.g., partner institutions or labs) to streamline research efforts.
- **Consortium Model:** Multiple entities form a consortium to pool resources and expertise, often driven by shared goals or funding opportunities.
- **Network Model:** A more decentralized approach where each entity maintains its autonomy while collaborating on specific projects or themes.

Dr. Sajjan also discussed the concept of "Peak in Research," which refers to achieving the highest level of research excellence and impact through effective collaboration. She highlighted

that achieving a peak in research requires clear communication, aligned goals, mutual trust, and effective management of resources and knowledge.

The session concluded with an emphasis on the importance of collaboration in modern research, especially in addressing complex global challenges that require a combined effort from various stakeholders.

9.4. Session no. 7

Day – 16/08/2024

Topic – Digital tools and platform for R&D

Time – 10:45am to 12pm

Speaker: Dr. Y.S. Rao (Dean of P&D, SPIT Mumbai)

Dr. Y.S. Rao delivered an insightful session on the importance of digital tools and platforms in research and development (R&D). He emphasized that the integration of digital tools in R&D is crucial for enhancing efficiency, collaboration, project management, and overall innovation in research processes.

Dr. Rao began by highlighting the role of digital tools in research, noting that they facilitate various stages of the research lifecycle—from ideation and data collection to analysis, collaboration, and dissemination. Digital platforms not only streamline the research process but also enable researchers to work more effectively by providing access to resources, data, and collaboration tools from anywhere in the world.

Key Digital Tools and Platforms Discussed:

Research and Development Tools:

Dr. Rao discussed several digital tools specifically designed for R&D, including software for data analysis, visualization, and simulation. These tools help in managing large datasets, conducting complex analyses, and visualizing results in a meaningful way.

Project Management Tools:

He highlighted the importance of project management tools in research projects, especially for planning, scheduling, and tracking progress. Examples include tools like Trello, Asana, and Microsoft Project, which provide features like task assignment, progress tracking, timeline management, and team collaboration.

Collaboration Tools:

Dr. Rao elaborated on the significance of collaboration tools in fostering effective communication among research teams. Tools such as Slack, Microsoft Teams, and Google Workspace facilitate seamless collaboration by providing features for messaging, file sharing, and real-time document editing.

Types of Digital Platforms for Research:

The session covered different types of digital platforms that support research activities, such as:

Dr. Rao concluded the session by emphasizing the need for researchers to stay updated with the latest digital tools and platforms to enhance the effectiveness and impact of their research. He encouraged participants to explore and adopt digital tools that align with their specific research needs and organizational goals.

Session no. 8

Day – 16/08/2024

Topic – Global R&D Trends & practices

Time - 01:30am to 03:00pm

Speaker: Dr. S. J. Wagh (Professor, GCE, Karad)

Dr. S. J. Wagh led a session on "Global R&D Trends & Practices," providing an in-depth overview of the latest global research and development (R&D) trends, their impact on innovation, and best practices being adopted worldwide. The session aimed to give participants a comprehensive understanding of how R&D shapes the global innovation landscape.

Sustainability and Green Innovation:

Collaborative Research Models:

Increasing collaboration between industry, academia, and government sectors to leverage diverse expertise and resources.

Personalized Medicine and Biotechnology:

Advancements in biotechnology, particularly in the fields of genomics and personalized medicine, are revolutionizing healthcare R&D.

Open Innovation:

Encouraging open innovation by fostering partnerships, sharing knowledge, and engaging with external stakeholders to drive research outcomes.

Dr. Wagh then discussed the three types of R&D:

Basic Research:

Fundamental research aimed at increasing understanding of foundational scientific principles without immediate commercial applications.

Applied Research:

Research directed towards solving specific practical problems and developing new products or technologies.

Development Research:

Focuses on the refinement and commercialization of products or processes, bridging the gap between lab-based research and market-ready solutions.

He explained the role of Research & Development in Innovation, highlighting that R&D is the cornerstone of technological advancements and economic growth. It fosters innovation by enabling the discovery of new ideas, improving existing products, and creating more efficient processes.

The session concluded with Dr. Wagh discussing global best practices in R&D, emphasizing the importance of adopting a multidisciplinary approach, leveraging digital tools, focusing on sustainability, and enhancing collaboration across sectors and geographies.

9.5. Session no. 9

Day – 17/08/2024

Topic – research funding and grant writing

Time – 10:45am to 12pm

Speaker: Dr. Kiran Talele (Dean TBI Coordinator SPIT Mumbai)

Dr. Kiran Talele's session focused on the essentials of securing research funding through effective grant writing. He began by defining research grants as financial support provided by organizations such as government bodies, private foundations, and industry to support research projects. He emphasized that a grant proposal is a formal document that outlines the research objectives, methods, significance, and expected outcomes.

The session highlighted the key components of a successful grant proposal:

Abstract: A brief overview of the research project.

Introduction: Explanation of the research problem and its significance.

Objectives and Hypotheses: Clear goals of the research.

Methodology: Detailed research design and procedures.

Budget: Breakdown of required funding.

Timeline: Schedule for project completion.

References: Supporting evidence from credible sources.

Dr. Talele also discussed the types of research grants available and provided examples of successful grant proposals, including those for educational research. He stressed the importance of understanding the funding agency's guidelines, aligning the proposal with their priorities, and clearly demonstrating the potential impact of the research.

The session concluded with practical advice on writing compelling grant proposals, emphasizing clarity, alignment with funding priorities, and detailed planning to improve the chances of success.

Session no. 10

Day – 17/08/2024

Topic – Challenges & opportunities in R&D

Time - 01:30am to 03:00pm

Speaker:Dr. PraveenKumar Challagidad (Associate Professor, Nagarjuna College of Engineering,Bengaluru)

Dr. PraveenKumar Challagidad delivered a session on the "Challenges & Opportunities in R&D," focusing on the evolving landscape of research and development (R&D). He began by defining R&D as a systematic activity combining basic and applied research aimed at discovering new knowledge, technologies, or processes to drive innovation and growth.

Dr.Challagidad introduced the **essential aspects of R&D**, including its role in advancing technology, fostering innovation, and enhancing the competitive edge of organizations. He then discussed the **key challenges** faced in the field of R&D:

- **Funding Constraints:** Limited financial resources can hinder the development of new research projects and innovation.
- **Rapid Technological Changes:** Keeping pace with the rapid evolution of technology can be challenging for researchers and organizations.
- **Skill Gaps:** A lack of skilled researchers and professionals in specific fields can impact the quality and speed of R&D activities.
- **Regulatory Hurdles:** Compliance with stringent regulations and standards can complicate research processes, especially in sectors like pharmaceuticals and biotechnology.

On the other hand, Dr.Challagidad highlighted several **opportunities in R&D**:

- **Interdisciplinary Collaboration:** Bringing together experts from various fields can lead to innovative solutions for complex problems.
- **Digital Transformation:** Leveraging digital tools and technologies, such as AI and big data, can enhance research capabilities and efficiency.
- **Government and Industry Support:** Increased funding and policy support from governments and industries are creating new avenues for research and innovation.
- **Global Networking:** Expanding research collaborations globally can provide access to diverse resources, expertise, and markets.

The session concluded with Dr.Challagidad emphasizing the need for researchers and organizations to adapt to the dynamic environment by embracing collaboration.

Recap of Gen AI

- ❑ The market for **generative artificial intelligence** is expected to reach \$66.62 billion in 2024 and increase at an annual pace of 20.80% from 2024 to 2030 when it is expected to reach US\$207.00 billion
- ❑ Generative AI gained popularity in 2023
- ❑ It's similar to having capable robot assistants. For instance, OpenAI's ChatGPT can assist with writing, information retrieval, and politely comprehending your inquiries
- ❑ With the new ChatGPT, GPT-4, users may now write more effectively and comprehend more by reading even photos
- ❑ Moreover, OpenAI has created DALL-E, which translates words into images
- ❑ The evolution of generative AI over the past year has included the creation of visuals, movies, and even corporate presentations in addition to text content generation
- ❑ 2023 was dubbed the year for Gen AI by **McKinsey**
- ❑ In terms of generative AI, 2023 was more akin to an exploration year, during which time researchers conducted innocuous experiments like summarizing work papers, improving prompts, and integrating the model into new apps like Jasper, copy.ai, etc

Benefits of Collaborative Research

Innovative Solutions

Collaborative research fosters the cross-pollination of ideas, leading to the development of innovative solutions that would not have emerged from a single discipline. This helps address complex, real-world problems in a more comprehensive and effective manner.

Shared Knowledge

By pooling their knowledge and expertise, researchers can gain a deeper understanding of the problem at hand, leading to more informed decision-making and a richer, more well-rounded perspective.

Dr. Y.Srinivasa Rao holds a Ph.D. degree from IIT-Bombay and has a work experience of more than 10 years in the industry. He has been in the teaching profession for over 30+ years, of which he has been associated with Bhartiya Vidya Bhavans' Sardar Patel College of Engineering and subsequently, Sardar Patel Institute of Technology for more than 20 years. He has served as the Head of Department several times and is currently the Vice-Principal as well as the Dean of R&D at Sardar Patel Institute of Technology. He is also a guest faculty for various institutes. Dr. Y. S. Rao has been an expert lecturer at the Short Term Teachers Training Program (STTP) of ISTE and TEQIP programs of AICTE. The lecture topics cover robotics, embedded system design, real-time systems, DSP applications, and many more. He has also developed IDE systems for short-term training programs.

He has been awarded by the IEEE Computer Society, Washington D.C., USA, at the International Design Competition (CSIDC-2002), for the project 'Swift Doc'. His research work ranges from Electrical Load Emulation using Power Electronic Converters, designing Real-time systems and operating system development for various applications, Signal processing to Embedded systems, VLSI design, Power electronics, etc. He has submitted seven patents, also a consultant, and corporate trainer to companies like Gadhia Solar, Siemens Information Systems Ltd., KarRox Technologies Ltd., and L&T.

He is the Director of Yerramreddy's GO-Green Technologies Pvt. Ltd. which is currently incubated at Sardar Patel Institute of Technology, Mumbai.

His major research work is in Cyber-Physical Systems, Digital Power Electronics, and Communication Systems.

ए.जी.पाटील अभियांत्रिकीमध्ये रिसर्च इनोव्हेशनवर राष्ट्रीय कार्यक्रम

विविध राज्यांमधून ७८४ प्राध्यापकांचा उत्स्फूर्त सहभाग

तभा वृत्तसेवा,
सोलापूर, दि. ३० ऑगस्ट-

सोलापूर शहरातील ए.जी. पाटील इन्स्टिट्यूट ऑफ टेक्नॉलॉजीमध्ये रिसर्च इनोव्हेशन विषयावर फॅकल्टी डेव्हलपमेंट प्रोग्राम मोठ्या उत्साहात आणि विविध राज्यातील ७८४ प्राध्यापकांच्या उपस्थितीत नुकताच संपन्न झाला. महाविद्यालयातील इलेक्ट्रॉनिक्स अँड टेलिकम्युनिकेशन इंजिनिअरिंग आणि इन्स्टिट्यूट ऑफ इंजिनिअर्स च्या सोलापूर लोकल डिव्हिजन यांच्या संयुक्त विद्यमाने हा कार्यक्रम यशस्वीरित्या पूर्ण झाला.

इमपाव्हरिंग इनोवेशन्स थ्रू कॅम्प्रेहेंसिव्ह ऍप्रॉचेस टू रिसर्च अँड डेव्हलपमेंट अर्थात, संशोधन आणि विकासासाठीचा सर्वसमावेशक दृष्टिकोन आणि त्यांचे उपयोजन करून नावीन्यपूर्ण आणि तांत्रिक सबलिकरण असा कार्यशाळेचा विषय होता. संशोधन क्षेत्रातील राष्ट्रीय आणि आंतरराष्ट्रीय पातळीवरील सर्वोत्कृष्ट आणि कार्यसिद्ध व्यक्तिमत्त्वाना एका साखळी पुण्यामध्ये गुंफण्याचा समन्वय, सदर कार्यशाळेचे प्रमुख डॉ.

एस. आर.साखरे आणि सहसमन्वयक प्रा. एम. एस. बिराजदार यांनी लिलया साधला.

या कार्यशाळेमध्ये, विविध समित्यामधील तांत्रिक सल्लागार डॉ. एस. पी. कल्लूरकर, मुंबईच्या सरदार पटेल इन्स्टिट्यूट च्या संशोधन विभागप्रमुख डॉ. वाय. एस. राव, मिनिस्ट्री ऑफ एज्युकेशन अँड इनोव्हेशनचे असिस्टंट डायरेक्टर श्री. पी. सी. ढगे, बेंगलोरच्या नागार्जुन अभियांत्रिकीचे डॉ. प्रवीण सर, तसेच डॉ. भूषण कुमार येलूर, डॉ. रजनी सज्जन अशा विविध संशोधन क्षेत्रातील मान्यवरांनी आपला

कार्यानुभव देशपातळीवरील अनेक प्राध्यापक मंडळी सोबत या कार्यक्रमाद्वारे सादर केला.

याकार्यशाळेचे प्रमुख संयोजक हे ई अँड टीसी विभागाचे प्रमुख प्रा. डॉ. आर. व्ही.दरेकर यांनी कार्यक्रमाच्या प्रास्ताविकेपासून आभार प्रदर्शनापर्यंतच्या नियोजनाचे कार्य यशस्वीपणे पूर्ण केले. कार्यक्रमाच्या सुरुवातीला प्रास्ताविक महाविद्यालयाचे प्राचार्य डॉ. व्ही. व्ही. पोतदार यांनी केले तसेच सर्व उपस्थित प्राध्यापकांना कार्यक्रमाची उद्दिष्ट्ये आणि संशोधनाचे महत्त्व स्पष्ट केले तर इन्स्टिट्यूट ऑफ इंजिनिअर्सच्या

सोलापूर विभागाचे अध्यक्ष डॉ. एम. एस. देशपांडे यांनी भविष्यातील अभियांत्रिकी संघी आणि संशोधन यावर मार्गदर्शन केले. यावेळी इन्स्टिट्यूट ऑफ इंजिनिअर्सच्या सोलापूर डिव्हिजनचे सचिव डॉ. यु. एस. मुगळे ही उपस्थित होते. कार्यक्रमातील सर्व मान्यवरांची ओळख प्रा. एस. एन. कांबळे यांनी करून दिली तर प्रश्नमंजुषेचा कार्यभार प्रा. एस. पी. कटके यांनी पार पाडला. संबंधित कार्यक्रमाच्या तांत्रिक तथा माहिती आणि प्रसारणाची बाजू, प्रा. एस. जे. लिगाडे, प्रा. एस. एस. मेटगार आणि प्रा. पी. सी. ढवळे यांनी यथार्थ साध्य केली तर सूत्रसंचालन प्रा. पी. बी. साबळे यांनी केले. कार्यक्रम यशस्वी होण्यासाठी श्री. वालीकर आणि नंदिनी अळगी यांनी परिश्रम घेतले. कार्यक्रमाचे प्रमुख मार्गदर्शन ए जी पाटील इन्स्टिट्यूटचे कॅम्पस डायरेक्टर डॉ. एम. ए. चौगुले यांनी केले. संस्थेचे अध्यक्ष सिद्धेश्वर पाटील आणि विश्वस्त शिवानंद पाटील यांनी अनेकविध कार्यक्रम नियमितपणे सुरु राहण्यासाठी शुभेच्छा दिल्या.
